HOW TO APPLY FOR A PERMIT

THESE STEPS ARE FOR PROPERTY NOT LOCATED IN THE FLOODWAY.

1. Secure application packet from Building Department.
2. Return completed forms and required documentation to the Building Department.
3. After Zoning Compliance Approval is granted (according to type of permit – possibly 2 days later), the Building Department will fax the approval to Environmental Health Department, so go directly to Environmental Health Department and apply for septic permit.
4. Take copy of septic permit to Building Department and purchase permit for improvements to property.
5. **Complete improvements and call Building Department for inspection (permit number and 24-hr notice required) at 386/364-3407 between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday.**
6. Provided improvements pass inspection (including final approval of driveway) and the fire and solid waste tax assessment is paid, the appropriate Power Company will be notified to release power to dwelling.
7. If your dwelling is located in the Floodplain, an Elevation Certificate (FEMA Form #81-31) from a State of Florida Certified Land Surveyor would need to be submitted to the Building Department before final inspection can be scheduled.

TWENTY-FOUR HOUR ADVANCED NOTICE AND PERMIT NUMBER REQUIRED FOR FINAL INSPECTION.

ALL OF THE ABOVE-MENTIONED REQUIREMENTS MUST BE MET AND INSPECTION PASSED BEFORE THE POWER COMPANY IS AUTHORIZED TO CONNECT ELECTRICITY TO YOUR MOBILE HOME.

NOTE: THERE WILL BE A \$35.00 REINSPECTION FEE CHARGED IF SCHEDULED INSPECTION IS NOT READY AT THE REQUESTED TIME. SUBSEQUENT REINPSECTION FEES WILL BE \$50.00 FOR ADDITIONAL INSPECTIONS.

APPLICANT: _____

Beginning June 6, 2001, there will be a \$30.00 charge for assignment of a new 911 Address (instituted by the Board of County Commissioners, Suwannee County on 6/5/01).

I UNDERSTAND THAT A REQUIREMENT OF MY OBTAINING A 911 ADDRESS IS DEPENDENT UPON MY COMPLETE COMPLIANCE WITH THE FOLLOWING INSTRUCTIONS:

1. I will provide complete driving instructions to my new site that this permit is being acquired for, using the Building Department as the beginning point. I will include roadway numbers and describe all turns by either left or right. Please provide this information in the space below:

2. I will be required to denote the four (4) corners of the proposed structure with distance to property lines and show the entrance of the driveway including the road name that you will enter from on the site plan submitted to the Building Department. If proper measurements are not given I understand it will delay the assignment of my 911 address.

3. I will provide one or more telephone number(s) at which I can be contacted, both daytime and evening:

Day:

Evening:

IF YOUR SITE PLAN MEASUREMENTS IS NOT SUFFICIENT YOUR ADDRESS & CERTIFICATE OF OCCUPANCY WILL BE DELAYED.

I UNDERSTAND THAT BY SIGNING THIS DOCUMENT I AM GRANTING PERMISSION FOR THE 911 ADDRESSING TECH TO MAKE A SITE VISIT ON MY PROPERTY IF NEEDED FOR THE PURPOSE OF 911 ADDRESS ASSIGNMENT.

Request Submitted By:

Signature _____ Date _____

Your new 911 Address will be assigned based on measurements obtained from your site plan and will be available within three (3) business days from the receipt of the application and fee. **The 911 Address is not issued to the individual, but to the dwelling being placed on this parcel, and may not be moved to another location.**

DRIVEWAY REQUIREMENTS

POWER WILL NOT BE RELEASED BY THE BUILDING DEPARTMENT UNTIL YOUR DRIVEWAY HAS BEEN APPROVED BY THE COUNTY PUBLIC WORKS DEPARTMENT.

When applying for a building permit, a form for the County Public Works Department will be filled out in order that the Public Works Department may inspect your driveway to see what improvements need to be made, if any. Please put stakes at the location of the proposed driveway.

You must present a parcel identification printout showing legal description of property. If in the name of the previous owner, then you **MUST** (1) provide a copy of the recorded deed proving your ownership of the property, **OR** (2) have a consent form signed by previous owner.

The Public Works Department will contact you as to the changes that must be made. Please be sure to provide a current telephone number where you may be reached, otherwise there may be a delay.

It is your responsibility to make the improvements set forth by the Public Works Department (386/362-3992), and to contact them for reinspection after the improvements have been made.

After the Public Works Department has approved your driveway, they will notify the Building Department. You may then call the Building Department for your final inspection when ready.

Beginning January 1, 1991, a service charge was placed on all permits for habitable dwellings. This service charge represents a pro-rata portion of the Assessments based on the calendar year. This service charge is due and **MUST** be paid before final inspection can be performed.

The rates (effective 10/1/2015) for the Urban and Rural Districts are as follows:

Jan.	Feb.	Mar.	Apr.	May	June
\$230.00	\$210.84	\$191.67	\$172.51	\$153.35	\$134.18
July	Aug.	Sept.	Oct.	Nov.	Dec.
\$115.02	\$95.86	\$76.69	\$57.53	\$38.37	\$19.20

This service charge was enacted by the County on Dec. 4, 1990 by Resolutions 90-58, & 90-59, and the rural fire assessment was increased by Resolution 2015-57 and is intended to help defray the costs of fire protection and solid waste services for the remainder of the year. The current fees are to be paid at the Building Department office. You (or the property owner) will be billed for these services in all subsequent years in November when the property tax notices are sent out.

Thank you.

NOTICE

Blower Door Testing and Mechanical Ventilation (Required for permits submitted July 1, 2017 and after)

The 2016 Supplements to the Fifth Edition of the Florida Building Code-Energy Conservation (FBC-EC) R101.4.9 requires blower door testing for all residential dwelling units. This would include single family houses, town houses, duplexes, and **each** condominium and apartment unit where the building is three stories or less. The 2016 Supplements to the FBC 1203.1 and FBC-EC R402.4.1.2 require that the blower door test have a result not exceeding seven (7) air changes per hour (ACH), and the FBC-Residential R303.4 requires that if less than three (3) air changes per hour (ACH), then mechanical ventilation is required in all the above referenced dwelling units in Climate Zones 1 & 2. The Suwannee County is located in Climate Zone 2. The purpose of this notice is to provide direction on who can perform the testing, what needs to be submitted to the Building Department, and when it needs to be submitted.

Plan Review

How you will be achieving mechanical ventilation must now be shown on one of the mechanical drawings. Please provide a clear, distinctive note so the plan reviewer doesn't have to hunt or guess at your intent, and possibly reject your submittal. It is not our intent to scrutinize your design, just to ensure you are providing mechanical ventilation.

The plans will now be required to show the volume of the dwelling unit. This is the thermal envelope volume, and would not include any unconditioned space.

Who can perform the blower door test?

Suwannee County requires the tester to hold a certification as a Blower Door Tester from an organization that is approved by the building official. Any person desiring to be approved must submit their Blower Door Tester certification to the building official including a copy of their liability insurance, worker's compensation insurance or exemption and a copy of their business tax receipt. There are several certifications/licensures that will be accepted. The list shown is not conclusive. This being said, **individuals** with the following certifications/licensures will be approved:

- RESNET approved HERS raters and HESP evaluators
- BPI approved Building Analyst
- Florida licensed Mechanical contractors, Class A & Class B Air Conditioning contractors
- Florida licensed Professional engineers

Again, I am sure there are other certifications/licensures that will be approved. If you wish to be approved, please email your qualifications with the **Blower Door Tester Application** to patrickt@suwgov.org. Once approved we will email you a **Blower Door Tester (BDT) number** to be used when completing the blower door test form. Please note, the BDT number is issued to an individual, not a company except if you are a Florida Licensed Mechanical or Class A or B Air Conditioning Contractor. The person with that BDT number is the one that must perform the test. If a company has more than one person that will be performing tests, all of those performing tests must be registered. We will try to make the registration process as quick and painless as possible.

What needs to be Submitted and When

The attached Blower Door Test Form (BDTF) is to be completed by the approved tester. The BDTF is to be provided to the Building Department before scheduling a final inspection.
